

entities). Once EPA authorizes a state to administer its own UST program and any revisions to that program, these same small entities will be able to own and operate their USTs under the approved state program, in lieu of the federal program. Moreover, this authorization, in approving a state program to operate in lieu of the federal program, eliminates duplicative requirements for owners and operators of USTs in that particular state.

Therefore, EPA provides the following certification under the Regulatory Flexibility Act, as amended by the Small Business Regulatory Enforcement Fairness Act. Pursuant to the provision at 5 U.S.C. 605(b), I hereby certify that this authorization will not have a significant economic impact on a substantial number of small entities. This authorization effectively approves the Alabama program to operate in lieu of the federal program, thereby eliminating duplicative requirements for owners and operators of USTs in the state. It does not impose any new burdens on small entities. This rule, therefore, does not require a regulatory flexibility analysis.

#### List of Subjects in 40 CFR Part 281

Environmental protection, administrative practice and procedure, Hazardous materials, State program approval, and Underground storage tanks.

Authority: This notice is issued under the authority of Section 9004 of the Solid Waste Disposal Act as amended 42 U.S.C. 6912(a), 6926, 6974(b).

Dated: September 23, 1996.

[CO48-1-7008b & CO-001-0005b; FRL-5607-5]

#### Clean Air Act Approval and Promulgation of PM<sub>10</sub> State Implementation Plan for Colorado; Telluride; Revisions to the Maintenance Demonstration

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** EPA proposes to approve the State implementation plan (SIP) revisions for Telluride as submitted by the Colorado Governor with a letter dated April 22, 1996. EPA proposes that the April 22, 1996 submittal now satisfies the State's April 21, 1994

commitment to adopt additional control measures in Telluride as necessary to demonstrate maintenance of the National Ambient Air Quality Standards (NAAQS) through December 31, 1997, for particulate matter with an aerodynamic diameter less than or equal to a nominal 10 micrometers (PM<sub>10</sub>). Based on that commitment, EPA conditionally approved the quantitative milestones element of the Telluride PM<sub>10</sub> SIP on September 19, 1994. The April 22, 1996 submittal incorporates new street sanding requirements and demonstrates maintenance of the standard through 1997. EPA proposes to approve these revisions, and therefore, convert its September 19, 1994 conditional approval to a full approval.

In the Final Rules Section of this Federal Register, EPA is approving the State's SIP revisions as a direct final rule without prior proposal because the Agency views this as a noncontroversial revision and anticipates no adverse comments. A detailed rationale for EPA's actions is set forth in the direct final rule. If no adverse comments are received in response to this proposed rule, no further activity is contemplated and the direct final rule will become effective. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period on this action. Any parties interested in commenting on this document should do so at this time.

**DATES:** Comments on this proposed rule must be received in writing by November 4, 1996.

**ADDRESSES:** Written comments on this action should be addressed to Richard R. Long, 8P2-A, at the EPA Regional Office listed below. Copies of the State's submittal and documents relevant to this proposed rule are available for inspection during normal business hours at the following locations: Air Program, Environmental Protection Agency, Region VIII, 999 18th Street, suite 500, Denver, Colorado 80202-2405; and Colorado Department of Health, Air Pollution Control Division, 4300 Cherry Creek Drive South, Denver, Colorado 80222-1530.

**FOR FURTHER INFORMATION CONTACT:** Amy Platt, Air Program, EPA, Region VIII, at (303) 312-6449.

**SUPPLEMENTARY INFORMATION:** See the information provided in the Direct Final action which is located in the Rules Section of this Federal Register.

Dated: August 29, 1996.

Patricia D. Hull,

*Regional Administrator.*

#### FEDERAL COMMUNICATIONS COMMISSION

#### 47 CFR Part 90

[WT Docket No. 96-199; FCC 96-383]

#### Finder's Preference Program in the 220-222 MHz Band for Private Land Mobile Radio Services

**AGENCY:** Federal Communications Commission.

**ACTION:** Proposed rule.

**SUMMARY:** This action proposes to amend the Commission's Rules regarding the land mobile radio service to eliminate the finder's preference program in the 220-222 MHz band in light of our proposals to implement a new licensing approach for this band. It is necessary because pending proposals for geographic area licensing in this band appear incompatible with the approach of the finder's preference program. The effect of the action will be to determine the usefulness and benefits of continuing the finder's preference program.

**DATES:** Comment are to be filed on or before November 18, 1996; reply comment are to be filed on or before December 3, 1996.

**FOR FURTHER INFORMATION CONTACT:** John Borkowski, Federal Communications Commission, Wireless Telecommunications Bureau, Washington, D. C. 20554, (202) 418-0626.

**SUPPLEMENTARY INFORMATION:** This is a summary of the Commission's Notice of Proposed Rule Making, adopted September 17, 1996, and released September 27, 1996. The complete text of this Commission action is available for inspection and copying during normal business hours in the FCC Reference Center (Room 239), 1919 M Street, N.W., Washington, D. C., 20554. The complete text of this Notice of Proposed Rule Making may also be purchased from the Commission's copy contractor, International Transcription Services, Inc. (ITS, Inc.), 2100 Street, N. W., Suite 140, Washington, D. C. 20037, Telephone number (202) 857-3800.

#### SUMMARY OF NOTICE OF PROPOSED RULE MAKING:

1. This Notice of Proposed Rule Making (NPRM) proposes to amend Part
